## Letter to Parents on 504 Provisions

Dear Parents,

We hope your family is doing well. Your children's safety and education are of paramount concern for us. Although the physical school is closed for now, the district has prepared for your child's education during this unique time. The technology of distance learning and/or packets will allow us to continue to provide instruction for as long as the current situation exists. The distance learning will include any accommodations as set forth in your child's individual accommodation plan (IAP) under Section 504. Your child's case manager and/or teacher will be communicating with you either by telephone or email to check on your child's progress and offer assistance as needed.

As always, we will continue to work collaboratively with you to meet your child's educational needs under Section 504.

Stay well,

*Dr. Norma Hernandez*
