b) *Employment Postings*

TPHS shall not print or publish any notice or advertisement relating to school employment that indicates any preference, limitation, specification, or discrimination based on race, color, religion, sex, or national origin, unless the characteristic is a bona fide occupational qualification. *42 U.S.C. 2000e-3(b); Labor Code 21.059.*

c) *Harassment of Employees*

employment practice. *29 U.S.C. 623(d) (ADEA); 42 U.S.C. 2000e-3(a) (Title VII); 34 CFR 100.7(e) (Title VI); 34 CFR 110.34 (Age Act); 42 U.S.C. 12203 (ADA); Jackson v. Birmingham Bd. of Educ., 544 U.S. 167 (2005) (Title IX); Labor Code 21.055.*

e) Notices

The Superintendent or designee shall post in conspicuous places upon its premises a notice setting forth the information the Equal Employment Opportunity Commission deems appropriate to effectuate the purposes of the anti-discrimination laws. *29 U.S.C. 627; 42 U.S.C. 2000e-10.*

i. Section 504 Notice

The Superintendent or designee shall take appropriate steps to notify applicants and employees, including those with impaired vision or hearing, that TPHS does not discriminate on the basis of disability.

The notice shall state:

1. That TPHS does not discriminate in employment in its programs and activities; and
2. The identity of TPHS's 504 Coordinator.

Methods of notification may include:

1. Posting of notices;
2. Publication in newspapers and magazines;
3. Placing notices in School publications; and
4. Distributing memoranda or other written communications.

If TPHS publishes or uses recruitment materials containing general information that it makes available to applicants or employees, it shall include in those materials a statement of its non-discrimination policy.

34 CFR 104.8.

Sec. 2. AGE DISCRIMINATION

TPHS may take an employment action on the basis of age pursuant to a bona fide seniority system or a bona fide employee benefit plan. However, a bona fide employee benefit plan shall not excuse the failure to hire any individual and no such benefit plan shall require or permit the involuntary retirement of any individual because of age. *29 U.S.C. 623(f); Labor Code 21.102.*

PG-4.1

Sec. 3. SEX DISCRIMINATION

a) *Gender Stereotypes*

TPHS may not evaluate employees by assuming or insisting that they match the stereotype associated with their group. *Price Waterhouse v. Hopkins, 490 U.S. 228 (1989)*.

b) *Pregnancy*

TPHS shall treat women affected by pregnancy, childbirth, or related medical conditions the same for all employment-related purposes, including receipt of benefits under fringe benefit programs. *42 U.S.C. 2000e(k); 29 CFR 1604.10; Labor Code 21.106*.

c) *Equal Pay*

TPHS may not pay an employee at a rate less than the rate paid to employees of the opposite sex for equal work on jobs the performance of which require equal skill, effort, or responsibility and which are performed under similar working conditions. This rule does not apply if the payment is pursuant to a seniority system, a merit system, a system that measures earnings by quantity or quality of production, or a differential based on any other factor other than sex. *29 U.S.C. 206(d); 34 CFR 106.54*.

Sec. 4. RELIGIOUS DISCRIMINATION

The prohibition against discrimination on the basis of religion includes all aspects of religious observances and practice, as well as religious belief, unless TPHS demonstrates that it is unable to reasonably accommodate an employee's or prospective employee's religious observance or practice without undue hardship to TPHS's business. "Undue hardship" means more than a de minimus (minimal) cost. *42 U.S.C. 2000e(j); 29 CFR 1605.2; Labor Code 21.108*.

TPHS may not substantially burden an employee's free exercise of religion, unless the burden is in furtherance of a compelling governmental interest and is the least restrictive means of furthering that interest. *Civ. Prac. & Rem. Code 110.003*.

Sec. 5. DISABILITY DISCRIMINATION

TPHS may not discriminate against a qualified individual on the basis of disability in job application procedures, hiring, advancement, or discharge of employees, compensation, job training, and other terms, conditions, and privileges of employment. *42 U.S.C. 12112(a), 12201(g); 29 U.S.C. 794(a); Labor Code 21.051, 21.105*.

a) *Discrimination Based on Lack of Disability*

The Americans with Disabilities Act (“ADA”) and the Texas Commission on Human Rights Act do not provide a basis for a claim that an individual was subject to discrimination because of the individual’s lack of disability. *42 U.S.C. 12201(g); Labor Code 21.005(c)*.

TPHS must take positive efforts, if it receives assistance under the Individuals with Disabilities Education Act (“IDEA”), to employ and advance in employment qualified individuals with disabilities in programs assisted by the IDEA. *34 CFR 300.177(b)*.

b) *Definition of Disability*

“Disability” means a physical or mental impairment that substantially limits one or more of an individual’s major life activities, a record of having such an impairment, or being regarded as having such an impairment.

An impairment that substantially limits one major life activity need not limit other major life activities in order to be considered a disability. An impairment that is episodic or in remission is a disability if it would substantially limit a major life activity when active.

An individual meets the requirement of being “regarded as” having an impairment if the individual establishes that he or she has been subjected to a prohibited action because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity. However, this provision does not apply to impairments that are transitory or minor. A transitory impairment is one with an actual or expected duration of six months or less. *42 U.S.C. 12102(1), (3), (4); 29 CFR 1630.2(g); Labor Code 21.002, 21.0021*.

c) *Mitigating Measures*

The determination of whether an impairment substantially limits a major life activity shall be made without regard to the ameliorative effects of mitigating measures, such as medication, medical supplies, low-vision devices, prosthetics, hearing aids, mobility devices, oxygen therapy, assistive technology, or learned behavioral or adaptive neurological modifications.

The ameliorative effects of ordinary eyeglasses or contact lenses shall be considered in determining whether an impairment substantially limits a major life activity. Ordinary eyeglasses and contact lenses are lenses that are intended to fully correct visual acuity or to eliminate refractive error.

42 U.S.C. 12102(1), (3), (4); 29 CFR 1630.2(g), (j)(1); Labor Code 21.002, .0021.

d) *Other Definitions*

i. *Physical or Mental Impairment*

“Physical or mental impairment” means:

1. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more body systems, such as neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, immune, circulatory, hemic, lymphatic, skin, and endocrine; or
2. Any mental or psychological disorder, such as an intellectual disability (formerly termed “mental retardation”), organic brain syndrome, emotional or mental illness, and specific learning disabilities.

29 C.F.R. 1630.3(h).

ii. *Major Life Activities*

“Major life activities” include caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working. “Major life activities” also include the operation of major bodily functions, including functions of the immune system, normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. *42 U.S.C. 12102(2); Labor Code 21.002.*

iii. *Qualified Individual*

“Qualified individual” means an individual who, with or without reasonable accommodation, can perform the essential functions of the employment position that the individual holds or desires. A written job description prepared before advertising or interviewing applicants for the job is evidence of the job’s essential functions. *42 U.S.C. 12111(8).*

e) *Reasonable Accommodations*

TPHS shall make reasonable accommodations to the known physical or mental limitations of an otherwise qualified individual with a disability, unless TPHS can demonstrate that the accommodation would impose an undue hardship on the operation of TPHS. *42 U.S.C. 12112(b)(5); 29 CFR 1630.9; 29 U.S.C. 794; 34 CFR 104.11; Labor Code 21.128.*

“Reasonable accommodation” includes:

1. Making existing facilities used by employees readily accessible to and usable by individuals with disabilities; and

**TRIUMPH PUBLIC HIGH SCHOOLS (TPHS) BOARD POLICY
MANUAL**

**POLICY GROUP 4 – PERSONNEL
EQUAL EMPLOYMENT OPPORTUNITY**

PG-4.1

2. Job restructuring, part-time or modified work schedules, reassignment to a vacant position, acquisition or modification of equipment or devices, appropriate adjustment or modification of examinations, training materials or policies, the provision of qualified readers or interpreters, and other similar accommodations for individuals with disabilities.

42 U.S.C. 12111(9); 29 CFR 1630.2(o); 34 CFR 104.12(b).

“Undue hardship” means an action requiring significant difficulty or expense when considered in light of the nature and cost of the accommodation needed, overall financial resources of the affected facility and TPHS, and other factors set out in law. *42 U.S.C. 12111(10); 29 CFR 1630.2(p); 34 CFR 104.12(c).*

f) *Discrimination Based on Relationship*

TPHS shall not exclude or deny equal jobs or benefits to, or otherwise discriminate against, a qualified individual because of the known disability of an individual with whom the qualified individual is known to have a family, business, social, or other relationship or association. *42 U.S.C. 12112(b)(4); 29 CFR 1630.8; 34 CFR 104.11.*

g) *Illegal Drugs and Alcohol*

The term “qualified individual with a disability” does not include any employee or applicant who is currently engaging in the illegal use of drugs, when TPHS acts on the basis of such use.

i. *Drug Testing*

TPHS is not prohibited from conducting drug testing of employees and applicants for the illegal use of drugs or making employment decisions based on the results of such tests. *42 U.S.C. 12114(c), (d); Labor Code 21.002(6)(A).*

ii. *Alcohol Use*

The term “qualified individual with a disability” does not include an individual who is an alcoholic and whose current use of alcohol prevents the employee from performing the duties of his or her job or whose employment, by reason of such current alcohol abuse, would constitute a direct threat to property or the safety of others. *42 U.S.C. 12114(a); 29 U.S.C. 705(20)(C); 29 CFR 1630.3(a); 28 CFR 35.104; Labor Code 21.002(6)(A).*

h) *Qualification Standards*

i. *Direct Threat to Health or Safety*

**TRIUMPH PUBLIC HIGH SCHOOLS (TPHS) BOARD POLICY
MANUAL**

**POLICY GROUP 4 – PERSONNEL
EQUAL EMPLOYMENT OPPORTUNITY**

PG-4.1

As a qualification standard, TPHS may require that an individual not pose a direct threat to the health or safety of other individuals in the workplace. “Direct threat” means a significant risk to the health or safety of the individual or others that cannot be eliminated by reasonable accommodation. *42 U.S.C. 12111(3); 29 CFR 1630.2(r); Labor Code 21.002(6)(B).*

ii. *Vision Standards and Tests*

TPHS shall not use qualification standards, employment tests, or other selection criteria based on an individual’s uncorrected vision unless the standard, test, or other selection criteria, as used by TPHS, is shown to be job-related for the position in question and consistent with business necessity. *42 U.S.C. 12113(c); Labor Code 21.115(b).*

iii. *Communicable Diseases*

TPHS may refuse to assign or continue to assign an individual to a job involving food handling if the individual has an infectious or communicable disease that is transmitted to others through handling of food. *42 U.S.C. 12113(d); 29 U.S.C. 705(20)(D); 29 CFR 1630.16(e); Labor Code 21.002(6)(B).*

i) *Service Animals*

TPHS shall comply with the reasonable accommodation requirements of Title I of the ADA and/or Section 504 of the Rehabilitation Act with respect to service animals. *28 C.F.R. 35.140.*

Sec. 6. MILITARY SERVICE

TPHS shall not deny initial employment, reemployment, retention in employment, promotion, or any benefit of employment on the basis of membership in a uniformed service, performance in a uniformed service, application for uniformed service, or obligation to a uniformed service. TPHS shall not take adverse employment action or discriminate against any person who takes action to enforce protections afforded by the Uniformed Services Employment and Re-Employment Rights Act (USERRA). *38 U.S.C. 4311.*

Sec. 7. GENETIC NONDISCRIMINATION

a) *Definitions*

For the purpose of the Genetic Information Nondiscrimination Act (GINA), “genetic information” means information about:

1. An individual’s genetic tests;
2. The genetic tests of that individual’s family members;

**TRIUMPH PUBLIC HIGH SCHOOLS (TPHS) BOARD POLICY
MANUAL**

**POLICY GROUP 4 – PERSONNEL
EQUAL EMPLOYMENT OPPORTUNITY**

PG-4.1

3. The manifestation of disease or disorder in family members of the individual (family medical history);
4. An individual's request for or receipt of genetic services, or the participation in clinical research that includes genetic services by the individual or a family member of the individual; or
5. The genetic information of a fetus carried by an individual or by a pregnant woman who is a family member of the individual and the genetic information of any embryo legally held by the individual or family member using an assisted reproductive technology.

“Genetic information” **does not include** information about the sex or age of the individual, the sex or age of family members, or information about the race or ethnicity of the individual or family members that is not derived from a genetic test.

29 CFR 1635.3(c).

“Genetic test” means an analysis of human DNA, RNA, chromosomes, proteins, or metabolites that detects genotypes, mutations, or chromosomal changes. Genetic tests include, but are not limited to:

1. A test to determine whether someone has the BRCA1 or BRCA2 variant evidencing a predisposition to breast cancer, a test to determine whether someone has a genetic variant associated with hereditary nonpolyposis colon cancer, and a test for a genetic variant for Huntington's Disease;
2. Carrier screening for adults using genetic analysis to determine the risk of conditions such as cystic fibrosis, sickle cell anemia, spinal muscular atrophy, or fragile X syndrome in future offspring;
3. Amniocentesis and other evaluations used to determine the presence of genetic abnormalities in a fetus during pregnancy;
4. Newborn screening analysis that uses DNA, RNA, protein, or metabolite analysis to detect or indicate genotypes, mutations, or chromosomal changes, such as a test for PKU performed so that treatment can begin before a disease manifests;
5. Pre-implantation genetic diagnosis performed on embryos created using in vitro fertilization;
6. Pharmacogenetic tests that detect genotypes, mutations, or chromosomal changes that indicate how an individual will react to a drug or a particular dosage of a drug;
7. DNA testing to detect genetic markers that are associated with information about ancestry; and
8. DNA testing that reveals family relationships, such as paternity.

Examples of tests or procedures that are not genetic tests are:

1. An analysis of proteins or metabolites that does not detect genotypes, mutations, or chromosomal changes;

**TRIUMPH PUBLIC HIGH SCHOOLS (TPHS) BOARD POLICY
MANUAL**

**POLICY GROUP 4 – PERSONNEL
EQUAL EMPLOYMENT OPPORTUNITY**

PG-4.1

2. A medical examination that tests for the presence of a virus that is not composed of human DNA, RNA, chromosomes, proteins, or metabolites;
3. A test for infectious and communicable diseases that may be transmitted through food handling;
4. Complete blood counts, cholesterol tests, and liver-function tests.

A test for the presence of alcohol or illegal drugs is not a genetic test. However, a test to determine whether an individual has a genetic predisposition for alcoholism or drug use is a genetic test.

29 CFR 1635.3(f).

b) *Notices*

The Superintendent or designee shall post in conspicuous places on school premises, where notices to employees and applicants for employment are customarily posted, a notice setting forth excerpts from or summaries of the pertinent provisions of the GINA regulation and information pertinent to the filing of a complaint. *29 CFR 1635.10(c).*

c) *Prohibited Practices*

i. *Discrimination*

TPHS shall not discriminate against an individual on the basis of genetic information in regard to hiring, discharge, compensation, or terms, conditions, or privileges of employment. *42 U.S.C. 2000ff-1(a); 29 CFR 1635.4.*

ii. *Retaliation*

TPHS shall not discriminate against an individual because the individual has opposed any act or practice made unlawful by GINA or because the individual made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under GINA. *41 U.S.C. 2000ff-6(f); 29 CFR 1635.7.*

iii. *Acquisition*

Except as set forth below or otherwise provided in the GINA regulations, TPHS shall not request, require, or purchase genetic information of an individual or family member of the individual. *42 U.S.C. 2000ff-1(b); 29 CFR 1635.8(a).*

“Request” includes:

1. Conducting an Internet search on an individual in a way that is likely to result TPHS’s obtaining genetic information;

**TRIUMPH PUBLIC HIGH SCHOOLS (TPHS) BOARD POLICY
MANUAL**

**POLICY GROUP 4 – PERSONNEL
EQUAL EMPLOYMENT OPPORTUNITY**

PG-4.1

2. Actively listening to third-party conversations or searching an individual’s personal effects for the purpose of obtaining genetic information; and
3. Making requests for information about an individual’s current health status in a way that is likely to result in TPHS’s obtaining genetic information.

29 CFR 1635.8(a).

iv. Disclosure

Except as set forth in the GINA regulations, TPHS shall not disclose the genetic information of an employee, regardless of how TPHS obtained the information. *29 CFR 1635.9(b).*

d) Manifested Condition

TPHS shall not be considered to be in violation of the GINA regulations based on the use, acquisition, or disclosure of medical information about a manifested disease, disorder, or pathological condition of an employee, even if the disease, disorder, or pathological condition has or may have a genetic basis or component. However, genetic information about a manifested disease, disorder, or pathological condition is subject to the requirements and prohibitions of GINA. *29 CFR 1635.12.*

“Manifestation” or “manifested” means, with respect to a disease, disorder, or pathological condition, that an individual has been or could reasonably be diagnosed with the disease, disorder, or pathological condition by a health-care professional with appropriate training and expertise in the field of medicine involved. A disease, disorder, or pathological condition is not manifested if the diagnosis is based principally on genetic information. *29 CFR 1635.3(g).*

e) Inadvertent Acquisition

The general prohibition against requesting, requiring, or purchasing genetic information does not apply where TPHS inadvertently requests or requires genetic information of the individual or family member of the individual. This exception applies in, but is not necessarily limited to, situations where a manager or supervisor learns genetic information about an individual by:

1. Overhearing a conversation between the individual and others;
2. Receiving the information during a casual conversation, including in response to an ordinary expression of concern that is the subject of the conversation. This exception does not apply where a supervisor follows up with questions that are probing in nature, such as whether other family members have the condition or whether the individual has been tested for the condition, because the supervisor or official should know that these questions are likely to result in the acquisition of genetic information;
3. Receiving unsolicited information (e.g., where a supervisor receives an unsolicited e-mail about the health of an employee’s family member from a co-worker); or

**TRIUMPH PUBLIC HIGH SCHOOLS (TPHS) BOARD POLICY
MANUAL**

**POLICY GROUP 4 – PERSONNEL
EQUAL EMPLOYMENT OPPORTUNITY**

PG-4.1

4. Accessing a social media platform that the supervisor was given permission to access by the creator of the profile at issue (e.g., a supervisor and employee are connected on a social networking site and the employee provides family medical history on his page).

29 CFR 1635.8(b)(1)(ii).

f) *Requests for Medical Information*

If TPHS acquires genetic information in response to a lawful request for medical information, the acquisition of genetic information will not generally be considered inadvertent unless TPHS directs the individual and/or health-care provider from whom it requested medical information not to provide genetic information. *29 CFR 1635.8(b)(1)(i)(A).*

Situations involving lawful requests for medical information include, for example:

1. Requests for documentation to support a request for reasonable accommodation under federal, state, or local law where the disability and/or need for accommodation is not obvious, the documentation is no more than is sufficient to establish that an individual has a disability and needs a reasonable accommodation, and the documentation relates only to the impairment that the individual claims to be a disability that requires reasonable accommodation;
2. Requests for medical information as required, authorized, or permitted by federal, state, or local law, such as where an employee requests leave under the Family and Medical Leave Act (“FMLA”) to attend to the employee’s own serious health condition or where an employee complies with the FMLA’s employee return to work certification requirements; or
3. Requests for documentation to support leave that is not governed by federal, state, or local laws requiring leave, as long as the documentation required to support the request otherwise complies with the requirements of the ADA and other laws limiting TPHS’s access to medical information.

29 CFR 1635.8(b)(1)(i)(D).

i. Safe Harbor

Any receipt of genetic information in response to a request for medical information shall be deemed inadvertent if TPHS uses language such as the following:

“The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. ‘Genetic information,’ as defined by GINA, includes an

**TRIUMPH PUBLIC HIGH SCHOOLS (TPHS) BOARD POLICY
MANUAL**

**POLICY GROUP 4 – PERSONNEL
EQUAL EMPLOYMENT OPPORTUNITY**

PG-4.1

individual’s family medical history, the results of an individual’s or family member’s genetic tests, the fact that an individual or an individual’s family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual’s family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.”

TPHS’s failure to give such a notice or to use this or similar language will not prevent TPHS from establishing that a particular receipt of genetic information was inadvertent if the request for medical information was not likely to result in TPHS’s obtaining genetic information (for example, where an overly broad response is received in response to a tailored request for medical information).

29 CFR 1635.8(b)(1)(i)(B), (C).

g) *Employment Examinations*

The prohibition on acquisition of genetic information applies to medical examinations related to employment. TPHS shall tell health-care providers not to collect genetic information, including family medical history, as part of a medical examination intended to determine the ability to perform a job. *29 CFR 1635.8(d).*

i. *Remedial Measures*

TPHS shall take additional reasonable measures within its control if it learns that genetic information is being requested or required in medical examinations related to employment. Such reasonable measures may depend on the facts and circumstances under which a request for genetic information was made, and may include no longer using the services of a health-care professional who continues to request or require genetic information during medical examinations after being informed not to do so. *29 CFR 1635.8(d).*

h) *Health or Genetic Services*

The general prohibition against requesting, requiring, or purchasing genetic information does not apply where TPHS offers health or genetic services, including services offered as part of a voluntary wellness program, if the conditions at 29 CFR 1635.8(b)(2) are met.

TPHS may not offer a financial inducement for individuals to provide genetic information but may offer financial inducements for completion of health risk assessments that include questions about family medical history or other genetic information. TPHS shall make clear, in language reasonably likely to be understood by those completing the health risk assessment, that the inducement will be made available whether or not the participant answers questions regarding genetic information.

**TRIUMPH PUBLIC HIGH SCHOOLS (TPHS) BOARD POLICY
MANUAL**

**POLICY GROUP 4 – PERSONNEL
EQUAL EMPLOYMENT OPPORTUNITY**

PG-4.1

TPHS may offer financial inducements to encourage individuals who have voluntarily provided genetic information (e.g., family medical history) that indicates that they are at increased risk of acquiring a health condition in the future to participate in disease management programs or other programs that promote healthy lifestyles, and/or to meet particular health goals as part of a health or genetic service. However, TPHS must also offer these programs to individuals with current health conditions and/or to individuals whose lifestyle choices put them at increased risk of developing a condition.

29 CFR 1635.8(b)(2).

i) *Leave Requests*

The general prohibition against requesting, requiring, or purchasing genetic information does not apply where TPHS requests family medical history to comply with the certification provisions of the FMLA or state or local family and medical leave laws, or pursuant to a policy (even in the absence of requirements of federal, state, or local leave laws) that permits the use of leave to care for a sick family member and that requires all employees to provide information about the health condition of the family member to substantiate the need for leave. *29 CFR 1635.8(b)(3).*

j) *Publicly Available Information*

The general prohibition against requesting, requiring, or purchasing genetic information does not apply where TPHS acquires genetic information from documents that are commercially and publicly available for review or purchase, including newspapers, magazines, periodicals, or books, or through electronic media, such as information communicated through television, movies, or the Internet, except that this exception does not apply to:

1. Medical databases, court records, or research databases available to scientists on a restricted basis;
2. Genetic information acquired through sources with limited access, such as social networking sites and other media sources which require access permission from a specific individual or where access is conditioned on membership in a particular group, unless TPHS can show that access is routinely granted to all who request it;
3. Genetic information obtained through commercially and publicly available sources if TPHS sought access to those sources with the intent of obtaining genetic information; or
4. Genetic information obtained through media sources, whether or not commercially and publicly available, if TPHS is likely to acquire genetic information by accessing those sources, such as Web sites and online discussion groups that focus on issues such as genetic testing of individuals and genetic discrimination.

29 CFR 1635.8(b)(4).

k) *Workplace Monitoring*

BOARD ADOPTED: 11/12/2022

13 of 16

**TRIUMPH PUBLIC HIGH SCHOOLS (TPHS) BOARD POLICY
MANUAL**

**POLICY GROUP 4 – PERSONNEL
EQUAL EMPLOYMENT OPPORTUNITY**

PG-4.1

The general prohibition against requesting, requiring, or purchasing genetic information does not apply where TPHS acquires genetic information for use in the genetic monitoring of the biological effects of toxic substances in the workplace. Such monitoring must meet the criteria at 29 CFR 1635.8(b)(5).

l) Inquiries Made of Family Members

TPHS does not violate the GINA regulations when it requests, requires, or purchases information about a manifested disease, disorder, or pathological condition of an employee whose family member is also employed by TPHS or who is receiving health or genetic services on a voluntary basis. For example, TPHS does not violate the GINA regulations by asking someone whose sister also works for TPHS to take a post-offer medical examination that does not include requests for genetic information. *29 CFR 1635.8(c)*.

m) Confidentiality

The Superintendent or designee shall maintain genetic information in writing about an employee on forms and in medical files (including where the information exists in electronic forms and files) that are separate from personnel files. TPHS must treat such information as a confidential medical record. TPHS may maintain genetic information about an employee in the same file in which it maintains confidential medical information under the ADA.

Genetic information placed in personnel files before November 21, 2009, need not be removed. TPHS will not be liable under the GINA regulations for the mere existence of the information in the file. However, the prohibitions on use and disclosure of genetic information apply to all genetic information that meets the statutory definition, including genetic information requested, required, or purchased before November 21, 2009.

Genetic information that TPHS receives orally need not be reduced to writing but may not be disclosed, except as permitted by 29 CFR part 1635.

Genetic information that TPHS acquires through sources that are commercially and publicly available, as provided by 29 CFR 1635.8(b)(4), is not considered confidential genetic information but may not be used to discriminate against an individual.

29 CFR 1635.9(a).

n) Disclosure Permitted
